EXECUTIVE SUMMARY

First-Up Consultants is a forward-thinking fintech consulting firm focused on helping financial institutions and technology startups drive innovation, regulatory readiness, and digital transformation. Our mission is to empower clients with strategic insights, scalable systems, and data-driven solutions. We are seeking $500,000 in funding to expand operations, develop proprietary tools, and scale consulting services to meet rising demand.

COMPANY OVERVIEW

First-Up Consultants was founded with the goal of reshaping the financial services industry through expert advisory, regulatory strategy, and technology integration. Our vision is to become the leading fintech consulting partner for credit unions, banks, and emerging fintech startups nationwide. By aligning innovation with compliance, we deliver lasting business impact across the financial sector.

MARKET OPPORTUNITY

The fintech consulting market is experiencing rapid growth, with financial institutions increasingly investing in digital infrastructure and regulatory modernization. Spending on fintech transformation is projected to grow 15% annually. This surge creates a strong opportunity for First-Up Consultants to secure long-term engagements with firms seeking to navigate complex regulatory environments while accelerating digital innovation.

PRODUCTS & SERVICES

Offerings include:

- Fintech strategy consulting: customized roadmaps for digital transformation, product innovation, and market expansion.
- Regulatory advisory: support with licensing, compliance frameworks, and audit preparation across major financial regulations.
- Technology integration: vendor selection, implementation support, and digital infrastructure modernization.
- Data analytics & insights: helping clients unlock business value through performance metrics, forecasting models, and reporting systems.
- Workshops & executive training: customized sessions on fintech trends, digital risk management, and operational agility.

COMPANY STRUCTURE

First-Up Consultants is a privately held LLC, founded by a team of financial strategists and regulatory experts. The leadership team includes:

PARKER MCLEAN

CEO

KALLE PERSSON

COO

JORDAN MITCHELL

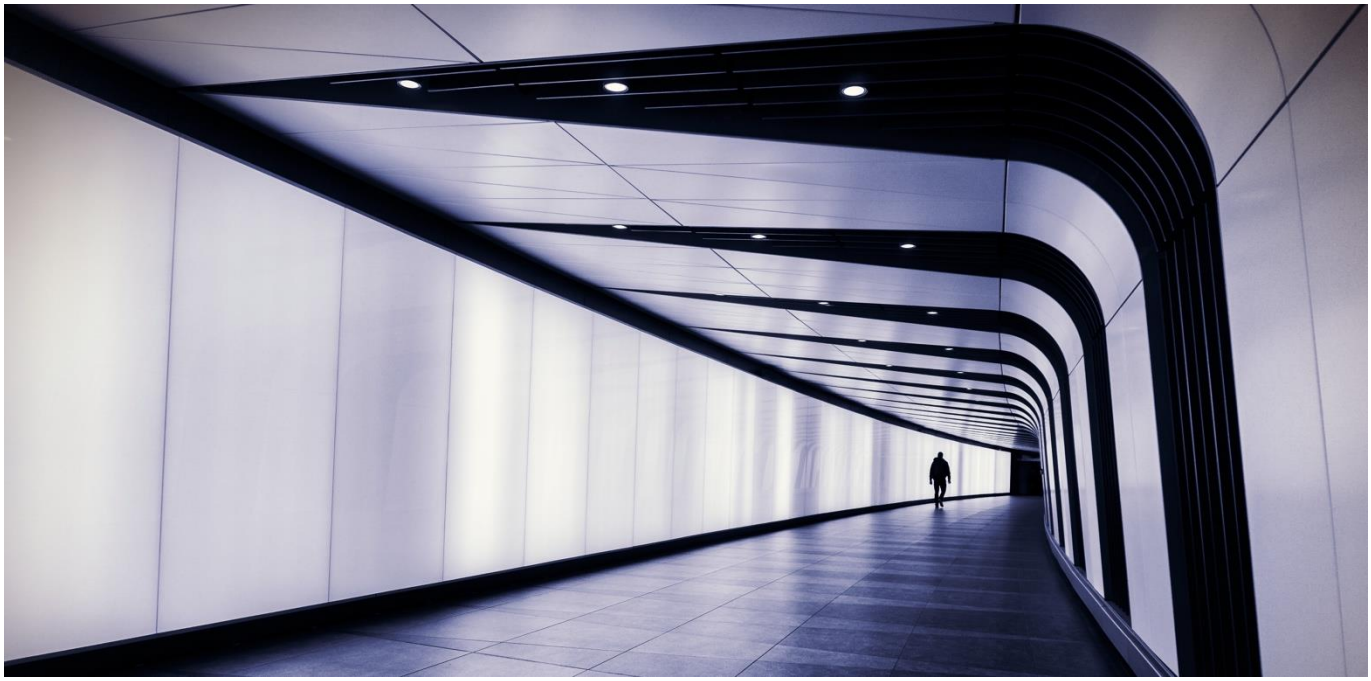
OPERATIONAL PLAN

To scale consulting delivery and strengthen client outcomes, First-Up Consultants will:

- Build internal research and development capacity for fintech trends and regulatory updates.
- Invest in proprietary frameworks and tools to improve service consistency and efficiency.
- Expand its consultant network with specialists in digital banking, risk management, and compliance.
- Partner with technology providers to deliver integrated client solutions.



MARKETING & SALES STRATEGY

- Direct B2B outreach: targeting fintech startups, regional banks, and credit unions for tailored consulting engagements.
- Thought leadership: publishing industry insights and trend analysis to build credibility and attract new clients.
- Strategic partnerships: collaborating with accelerators and legal firms for referral opportunities.
- Digital marketing: SEO, whitepapers, and LinkedIn outreach to drive awareness and lead generation.

COMPETITIVE ADVANTAGE

First-Up Consultants blends deep regulatory knowledge with real-world fintech experience. Our tailored, tech-forward approach allows clients to move quickly while staying compliant. Unlike traditional consultancies, we specialize in bridging innovation and oversight, making us the ideal partner for agile financial organizations.

FINANCIAL PROJECTIONS

Projected revenue growth over the next 3 years:

YEAR 1:	YEAR 2:	YEAR 3:
$850,000	$1.4 MILLION	$2.3 MILLION

FUNDING WILL BE USED FOR:

$200,000	Development of proprietary consulting tools
$150,000	Talent acquisition and training
$100,000	Brand development and marketing
$50,000	Operational expansion and client support systems

RISK ASSESSMENT

Potential challenges and mitigation strategies:

- Regulatory changes: maintain agile frameworks and ongoing legal partnerships.
- Market saturation: focus on niche fintech segments and emphasize value-driven results.
- Talent acquisition: build strong onboarding and internal training programs to scale expertise.

EXIT STRATEGY

Long-term goals include:

- Expanding nationally through satellite offices and remote teams.
- Exploring acquisition opportunities with global advisory firms or fintech platforms.
- Pursuing strategic investment or merger to scale internationally.
