

Exhibit A - Statement of Work

This Exhibit A is attached to and incorporated into the Master Services Agreement dated January 9, 2026 between Vanarsdel Ltd. and Northwind Consulting LLC. Capitalized terms used but not defined here have the meanings given in the Master Services Agreement.

A.1 Scope

The Provider shall deliver a phased document-workflow modernization program comprising discovery, solution design, implementation, and handover. Each phase concludes with a written acceptance milestone determined under Section A.5.

The program is staffed from the roles priced in Exhibit B. Substitution of named personnel requires the Client's prior written consent, which shall not be unreasonably withheld.

A.2 Deliverables

Phase 1 - Discovery report and current-state assessment, including an inventory of document sources and the volumes processed by each.

Phase 2 - Target architecture and migration plan, including a sequencing proposal and an estimate refreshed against Section B.1.

Phase 3 - Implementation of the agreed architecture in the Client's environment, including integration with the Client's existing document repositories and identity provider.

Phase 4 - Handover documentation, administrator training, and a thirty (30) day hypercare period during which defects reported by the Client are remediated at no additional charge.

Each deliverable is submitted in the format agreed in the corresponding phase kickoff, and is subject to the acceptance procedure in Section A.5.

A.3 Rates

Work under this Exhibit A is billed at the rates set out in Exhibit B. Any change to scope that affects the fee estimate requires a written change order signed by both parties.

A.4 Confidential Material

Client materials disclosed to the Provider in the course of this Exhibit A are Confidential Information and are handled in accordance with Exhibit C.

A.5 Acceptance

The Client shall review each deliverable within ten (10) business days of submission and either accept it or provide written notice of deficiencies with reasonable particularity. Deliverables not rejected within that period are deemed accepted.

Where the Client gives notice of deficiencies, the Provider shall remediate and resubmit within ten (10) business days, and a further review period of the same length applies to the resubmission.
