

Exhibit B - Fee Schedule

This Exhibit B is attached to and incorporated into the Master Services Agreement dated January 9, 2026 between Vanarsdel Ltd. and Northwind Consulting LLC. Capitalized terms used but not defined here have the meanings given in the Master Services Agreement.

This Exhibit B prices the roles engaged to deliver the phases described in Exhibit A. Rates are exclusive of taxes and of the expenses addressed in Section B.3.

Where a phase is delivered on a fixed-fee basis, the fixed fee prevails over the hourly rates for that phase, and the deliverables in Section A.2 define its boundary.

B.1 Professional Services Rates

Principal Consultant - 285 USD per hour.

Senior Consultant - 225 USD per hour.

Consultant - 175 USD per hour.

Project Coordinator - 120 USD per hour.

Rates are quoted per hour of work performed and are invoiced monthly in arrears, in fifteen (15) minute increments, against a timesheet the Client may audit on reasonable notice.

Work performed outside the Client's business hours at the Client's written request is billed at 1.25 times the applicable rate above.

B.2 Fixed-Fee Phases

Phase 1 Discovery is delivered on a fixed-fee basis of 48,000 USD. Phases 2 through 4 as described in Exhibit A are billed on a time-and-materials basis against the rates in Section B.1.

B.3 Expenses

Pre-approved travel and accommodation are reimbursed at cost without markup. Expenses exceeding 2,500 USD in any month require prior written approval from the Client.

B.4 Rate Review

The rates in this Exhibit B are fixed for the initial term of the Master Services Agreement. Any subsequent revision takes effect only on written amendment signed by both parties.
